YOU'RE the DAWN of a WONDERFUL DAY

WORDS & MUSIC BY
W. R. WILLIAMS

The prettiest Little Song in Years

About once in every twenty years or so, some song is written that startles the world—Nobody knows "how it happened or whence it came"—but it gets there just the same. Some songs are "made" by the Publishers spending thousands of dollars to boom and push them just like "Patent Medicine"—but others "just happen"—and work their own way into our hearts without any of us knowing or realizing anything about the strange phenomena. This new song "You're the Dawn of a Wonderful Day"—is one of this kind—born of an inspiration it blooms and blossoms for us all creeping silently (as it were) into our hearts, bringing us at all times peace and consolation. This song appeals strongly to those of refined taste, the lyric is perfect and the melody is both restful and beautiful, and no home collection will be complete without this song—

MORNING NOON and NIGHT

HERE'S A REAL SONG with the most beautiful "swinging" Melody—Don't you care how poorly others may play it (even in the music store) take it from me it's a "beautiful" Melody. If it wasn't a wonderful song the BIG PEOPLE in vaudeville would not be Singing and Playing it as they're all doing at this very moment. It's the greatest song of it's kind on the market also a great FOX-TROT!
